Door-to-Door Collection and Garbage Segregation

Irrespective of the pandemic scenario, the green friends continued to serve the community and ensured cleanliness of Municipality. Door-to-Door waste collection and segregation along with street cleaning was carried out uninterruptedly.

Source Segregation Demo Programme

On 12th, 15th, 22nd, 27th, 30th, 31st of July, we conducted Source Segregation Demonstration Programme at Eththi Street (Ward – 21), Veera Pathira Swamy Kovil Street (Ward – 18), Murungaivadi (Ward – 12), Sallimalai Street (Ward – 15), Maina Pillai Street (Ward – 21), Mandi Street (Ward – 20), Erakadu (Ward – 14). During the demonstration programme, staff and green friends gave a brief about the types of wastes, how waste can be segregated and the significance and benefits of recycling to the public and environment at large. During the programme, the segregation of waste was well demonstrated.
A Message - A Day Programme

Sensitization programmes were conducted in the Municipality to create awareness on COVID-19 pandemic and the symptoms associated with it. In this unique programme, one message every day on the precautionary measures was disseminated to the community.

Special cleaning activity of Vaccination Centres prior to camp

During the last 10 days of the month the vaccination geared up at the Rameswaram Municipality. Prior to the vaccination drive, to ensure the cleanliness of the centres mass cleaning were conducted at various vaccination centres across the Municipality by engaging green friends and staff.

Students Visit

On 12th and 28th of July 2021, two students specialising in agriculture from Karunya University, Coimbatore and three students from Gandhigram University, Dindigul visited the Resource Recovery Park for an exposure as part of their internship programme to understand the various processes of Solid Waste Management at the Resource Recovery Park, Rameswaram Municipality. The project manager briefed about the various activities performed at the RRP right from the entry of waste to the RRP to the exit of waste as compost and recyclables.
**RRP & MCC Activities**

Solid Waste Management activities like organic shredding work, Bio-composting and Vermi-Composting are carried out at the Resource Recovery Park & Micro Composting Centre.
