

“Revival and Renovation of Traditional Water Bodies”

Veera Teertham

By
Vivekananda Kendra - Nardep

Veera Teertham renovation work started on 9th March 2022 after performing the traditional Bhumi pooja. A few local stakeholders from the village were present. Unfortunately, the nearby land owner was not happy in spite of our explaining to him and went on complaining that the land belongs to him. Subsequently, we took the support of Revenue department for clarifying the matter and convinced him and other villagers. Thus the matter settled amicably.

Our supervisor, Shri.Kathiresan performing the pooja by breaking the coconut

Recycle – Reuse - old stones are cut to size for the new construction

Construction work is onA new Teertham is born

Slowly the new (?) nay old ancient Teertham is again rejuvenated
