“Maintenance of Renovated Traditional Water Bodies”  
Ramar Teertham

By  
Vivekananda Kendra – Nardep

In this month, we carried out the maintenance of the Traditional Water body – Ramar Teertham.

*Teertham before the maintenance after a gap of eight years*
Colouring work is on after minor maintenance
Traditional colours of White and Kavi
Giving double coats

Cleaning the steps with grown up grass
Maintenance of the central mandapam
Entry to the Ramar Teertham – spiral arch is getting a new look after Kavi colour painting
