Vivekananda Kendra – Nardep started Reviving and Renovating the Traditional water bodies in the year 2013. Now after 9 – 10 years, time has come to repair, maintain and colour the water bodies again. In this month, we are giving a picture gallery of maintenance of Gnanavapi Teertham.
Workers are at work, patching up and scrapping before painting
Maintenance both from inside and outside
Traditional coating of Kavi and White enamel paint
Door is also repainted again
Cleaning the water body – removing the plastic and other leaves etc.
Now the Teertham is waiting for the pilgrims
Cleaning of the surrounding area of Gananavapi Teertham
