- School Students Awareness programme at M. P. U Primary School, Muguntharayarchathram on 11.12.2017. Wherein 11 Students participated.

2. Sensitization meeting for the members of Self Help Group

- SHG Awareness programme was conducted with a main objective to avoid plastics and source segregation at Kalavai Street on 19.12.2017. 15 women participated.

3. Onsite compost

De-centralized waste management is one among the sustainable solutions for successful municipal solid waste management. To implement this, an initiative on ‘Onsite compost processing’ started at Hotel Tamilnadu on 18.12.2017. Hand in Hand India’s Green friends demonstrated to the Hotel staff how to segregate the waste and what kind of waste put into the compost processing.
