Free Siddha Medical Camp

During the last camp, many patients requested that such camps be conducted on a monthly basis, reflecting the growing trust and interest in traditional Siddha medicine. In response to their request, the camp was organized again this month. The Free Siddha Medical Camp was successfully held at Mangammal Chatram, Rameswaram, from 20th to 22nd September 2025. Originally planned as a two-day camp, it was extended by an additional day due to the overwhelming interest and participation of the local people. A total of 138 patients received treatment along with free medicines.

The inaugural ceremony began with the lighting of the traditional lamp by Shri Nagalingaraja, Siddha Doctor. The Green Rameswaram team—Sis. Bhuvaneswari, Sis. Janani, Sis. Rekha, Shri. Balaguru, and Shri. Bharathkumar—assisted in organizing the camp.

Doctors and Vaidyas checking the patients

Medical Services:

- Medical consultations and treatments were provided over three consecutive days.
- Patients with complicated medical conditions received special attention, with customized Siddha medicines prepared on the spot.
- Each patient received an average of ₹500 worth of Siddha choornams and oils, free of cost.

- Two male masseurs and one female masseuse provided therapeutic massage treatments, helping to relieve pain and muscular issues.
- The positive feedback from the public was very encouraging. Many patients requested that such camps be conducted monthly, reflecting the growing trust and interest in traditional Siddha medicine.

Our Staff is registering the patient

The Siddha Medical Camp at Mangammal Chatram was a resounding success, thanks to the dedication of Dr. Nagalingaraja and his team, the support of the enthusiastic participation of the people of Rameswaram.
