

Landscaping and Beautification

By
Green Rameswaram Trust

Tree Plantation programmes:

On October 20, a tree plantation program was organised at Sri Parvathavarthini Amman School, Rameswaram. During the event, 20 flower plants and 25 seed balls of trees and vegetable varieties were distributed to promote environmental awareness among students. The planting activity was enthusiastically carried out by 25 NSS students, who actively participated in planting the saplings within the school premises. This initiative aimed to encourage students to care for nature and contribute to a greener environment.

On October 25, another tree plantation program was conducted at Sri Ram Creative School, Rameswaram. During the event, 20 flower plants and 20 seed balls of trees and vegetable varieties were distributed to promote environmental awareness and greenery on the campus. The plants were carefully planted and are being maintained by the dedicated school staff. This initiative contributed to creating a clean and green environment within the school premises.
