

Livelihood Opportunities

By
Green Rameswaram Trust

Training programme:

A training programme was conducted on 12th November, with 10 participants in attendance. The session focused primarily on Kitchen Gardening, and the following topics were covered:

- Selection and use of appropriate gardening tools
- Safe and effective handling of sprayers for natural pesticides
- Practical tips on soil care, seed selection, and routine plant maintenance
- Eco-friendly methods to enhance productivity and ensure the sustainability of kitchen gardens

After the training, all participants were provided with a Kitchen Garden Kit to encourage them to implement the practices learned during the session.

Kitchen garden kits Distribution to the beneficiaries
